Wireless control unit

Product applicability: Appropriate for emergency situation on rig site, will ensure the sta safety during emergency evacuation

Product Features

- Layout concise, display and control area is divisional design
- Small size, light weight and portable
- Wireless remote control close well, no need operation on fixed location, fulfill operation while evacuate
- Have one-key close well function

DC24V	⩾200m	1s
Rated working pressure	Communication distance	Reaction e ciency

Technical Parameters	
Rated voltage	DC24V
Overall dimension	400 mm x300 mm x140mm
Communication distance	≥ 200m
Reaction e ciency	1s
